## Strategy Objectives – Choir

**VISION:** provide support and opportunities for unifying sound and growing interest in joining our choir. We expect to accomplish this through membership recruitment, continuing education and other opportunities that promote fellowship and education.

**1 Year FOCUS:** Maintain current membership and recruit new members. Begin to train leaders and investigate education opportunities best suited to our parish.

- Organist -\$6000, liturgy and rehearsal
- Voice Coach - Initial investment \$400, with monthly sessions to follow \$1000
- Conventions-travel and expenses-\$500
- Robe maintenance/piano maintenance \$600
- Fellowship- \$500

Budget -\$9000

**3 Year FOCUS:** Continue above goals. Additionally use guidance of the vocal coach and the resources of MEFGOX to learn new music in a range more suitable for our membership. Investigate hiring of “professional” singers to augment sound if new membership cannot be secured. Identify ways to work with Sunday School to engage youth in choir activities (hymnology, youth choir etc.)

**5 year FOCUS:** Continue above goals. Create a culture of continuing education through participation in church music events of the Metropolis and Archdiocese. Secure an organist who is a member of the congregation. We could begin providing opportunities for a young person to take organ lessons to meet this goal. Create plan for succession of choir directors.
