Strategy Objectives – Annunciation Greek School

Our Greek School has been a long-lasting Saturday program, where children come to learn the Greek Language and get exposed to our Greek heritage and culture.

The objectives of our programs are:

- To offer learning opportunities that build our children's language skills
- To instill our Greek heritage and culture throughout the children's participation to Greek School
- To celebrate our culture and Orthodox faith
- Create life-long friendships

We have been tasked by our Parish Council leadership to create a detailed 5-year Strategy that will align with the Church's Strategic Plan and the 4 pillars of Inreach, Outreach, Resources and Leadership.

To align our objectives to the overall Parish strategy, our plan will focus on the following areas identified for the next 1,3, and 5 years of the Greek School program.

- Collect feedback from Greek School parents and teachers about the program
- Enhance our program based on feedback
- Create teacher succession plan for each grade level
- Increase enrollment in the program
- Improve our communications and visibility of our program
- Enrich our program with additional cultural elements
- Create partnerships and outreach within our Greek and Rochester community
- Identify budgetary needs for the next 5-years

We will continue to refine these objectives and update our 5-year strategy as we move forward.
